

Flows and stocks

<i>Relationship</i>	<i>Example</i>
 <p>The diagram illustrates the relationship between flows and stocks. A central yellow rectangular box is labeled "Stocks". A green arrow points downwards into the top of the box, with the text "Flows IN" positioned to its right. Two vertical black lines extend upwards from the top edge of the box, one on each side of the green arrow. A red arrow points downwards from the bottom of the box, with the text "Flows OUT" positioned to its left. Two vertical black lines extend downwards from the bottom edge of the box, one on each side of the red arrow.</p>	<p>Investments</p> <p>Capital stock</p> <p>Depreciation; divestments</p>
